USED OIL MANAGEMENT

MODERNISATION OF THE TECHNICAL REGULATION SYSTEM

PURPOSE OF THE ASSOCIATION'S ACTIVITIES

Association of participants in the lubricants, technical oils and special fluids market to represent and protect their interests in dialogue with the executive and legislative authorities, in order to create an attractive investment climate and comfortable conditions for doing business in Ukraine.

Market participants get the opportunity to communicate with the authorities through a professional association without personalizing business entities.

ASSOCIATION'S TASKS

1. Transformation of the national system of waste oil management, regeneration and recycling in accordance with Directive 2008/98/EC on waste, the Law of Ukraine on waste management according to the best European practices.
2. Cancellation of Resolution 1221 on the procedure for collection, transportation, storage, processing (recycling), disposal and/or neutralization of waste oils, processing and disposal of waste oils.
3. Elimination of unfair competition and impossibility of production and provision of counterfeit products to the market.
4. Consistent implementation of a modern system of technical regulation of the lubricants market with the transition to European regional and international standards and termination of the operation of Soviet guests and impossibility of their use.
5. Prevention of import into the territory of Ukraine of lubricants of Russian and Belarusian origin.
